FIND IT!

Which objects in the first square also repeat in the other three and how many times?

True Or False

Question Number	Question	True	False
1	The capital of Australia is Sydney.		
2	The chemical symbol for water is H ₂ O.		
3	The Earth is the fourth planet from the Sun.		
4	The Great Wall of China can be seen from space with the naked eye.		
5	William Shakespeare wrote "To Kill a Mockingbird."		
6	The human body has four lungs.		
7	Lightning never strikes the same place twice.		
8	There are 100 centimeters in a meter.		
9	The boiling point of water is 100 degrees Celsius at sea level.		
10	An octagon has eight sides.		
11	Humans have five senses.		
12	The Amazon River is the longest river in the world.		
13	Mercury is the hottest planet in our solar system.		
14	The Great Barrier Reef is located off the coast of Australia.		
15	In the periodic table, 'O' is the symbol for oxygen.		

SPOT THE DIFFERENCE! There are 20 differences between the two drawings. Can you spot them all?

FUN FACTS

Bananas are berries, but strawberries aren't.

A day on Venus is longer than a year on Venus. It takes Venus about 243 Earth days to rotate once but only about 225 Earth days to orbit the Sun.

Octopuses have three hearts: one pumps blood through their bodies, and two pump it through their gills.

A single strand of spaghetti is called a "spaghetto."

Dolphins have names for each other. They develop their own individual whistles and recognize theirs and others' names.

An astronaut's height can increase by up to 2 inches in space due to the absence of gravity stretching their spine.

The shortest war in history was between Britain and Zanzibar on August 27, 1896. Zanzibar surrendered after 38 minutes.

FUN FACTS

Butterflies taste with their feet.

A group of flamingos is called a "flamboyance."

The Eiffel Tower can be 15 cm taller during the summer due to the expansion of iron in the heat.

Koalas have fingerprints almost identical to human fingerprints.
There are more stars in the universe than grains of sand on all the Earth's beaches.

Wombat poop is cube-shaped. This helps prevent it from rolling away and marking their territory effectively.

Scotland has 421 words for "snow." Some examples include "sneels" (to start raining or snowing), "feefle" (to swirl), and "flindrikin" (a light snow shower).

RIDDLES

I'm a frozen treat on a hot day, in a cone or cup, and taste so sweet.
What am I?

I speak without a mouth and hear without ears. I have no body, but I
come alive with the wind. What am I?

I have cities, but no houses. I have mountains, but no trees. I have
water, but no fish. What am I?

You see a boat filled with people. It has not sunk, but when you look
again, you don't see a single person on the boat. Why?

What can you break, even if you never pick it up or touch it?

I have keys but no locks. I have space but no room. You can enter, but
you can't go outside. What am I?

I'm a symbol of summer's heat, fiery thing that's hard to beat. What
am I?

I'm a thing that's often seen at night, a summer delight that's shining
bright. What am I?
